Announcements

1. This week our church **fire extinguishers** got their (supposed to be yearly) inspection. Also, every 12 years they are required to be checked for ability to keep their pressure which needs to be done at the professional's site, so we have 3 'loaner' fire extinguishers on the premises. Unfortunately, they are not exactly like ours, so they do not fit the spaces where ours do, and since there is a prohibited height for storage, they are in different, fairly close locations, but are not protected from curious little fingers. Please be aware of this for today & possibly for several weeks until ours are back and in their proper places.
2. Notice: There are **new yellow prayer cards** at the end of the pews for you to use for prayer requests and place in the offering.
3. **The church council has a special request.** Please pray and give names of anyone you feel God is calling to be our lead pastor. This could be someone from our church, or someone that does not attend our church. We will also be informing the Conservative Mennonite Conference of this need and opportunity.
4. **The congregational meeting in July has been changed** from July 7 to **July 21**.
5. **Church Council & Leadership Team minutes** will now be put in your individual mailboxes rather than in a 'minutes' box.
6. **Youth – July 2** – swimming at Gray's pool. **July 16** – softball game. The junior youth Sunday school class is invited to come and participate in the fun. **July 22-29** – Louisiana Trip.
7. **July 7 at 6 p.m.** Silver Threads will hold an 'old fashioned' picnic in the Lost Creek Mennonite Church Fellowship Hall. We will have 'old fashioned' guessing games and an 'old fashioned' hymn sing. Please bring a main dish OR salad. Dessert will be provided. Invite your friends – anyone age 50 and over is invited to attend.

Dr. Herbert Benson of Harvard Medical School made a study of the effect praying can have upon those who pray. He discovered those who pray 10 to 20 minutes daily can lower their blood pressure, heart rate, breathing and metabolic rates. Prayer can work wonders.
